KEEP INDIANAPOLIS BEAUTIFUL'S GREAT INDY CLEAN UP RE-SCHEDULED FOR SATURDAY, JUNE 10

Says KIB: "Please join KIB for the rescheduling of our large scale area litter clean up and habitat restoration. Clean and green streets make happier, safer places to live. We hope you can join us for this transformative community and environmental project." This year's nearest [Great Indy Clean Up](#) effort will be the median and roadsides of Binford Boulevard, from 75th Street south to 62nd Street. This area is just outside Millersville, and a roadway most of us use all the time. KIB will provide 200 volunteers to address the mess that has built up along this busy highway.

We Millersville residents will meet in the parking lot of the White and Champagne Building, at the corner of Fall Creek Parkway and 56th Street at 9 AM, to clean up alongside the trail, the pond and village streets. Doughnuts, bags and gloves will be provided. The first 50 volunteers get to wear one of our new safety vests, purchased with funds from our 2017 KIB Great Indy Clean Up Focus Award winnings! The vests feature our fancy logo and the words "Millersville Volunteer." If you can't get there at 9 AM, be late, but be there. If you have plans at noon, just join us for an hour or two. Come out, pitch in, break in a vest, and help improve Millersville! Thank you!! More information on our [beautification committee](#) can be found on our website.

The KIB [Project GreenSpace](#) work day, also cancelled in May, due to the aftermath of heavy rain, has not yet been rescheduled. More information on our [beautification committee](#) can be found on our website.

WALGREEN'S HEARING SCHEDULED FOR JUNE 7TH CONTINUED...AGAIN

We hear that Brian Tuohy, attorney for property owner, George Novogroder, will ask for another continuance. We will notify the Millersville community when another hearing is scheduled.

The proposed development would require lifting the 1993 commitments (mainly, the removal of "Walgreen-only" use wording). We want to make certain that any development is consistent with the [Village and Corridor Plan](#).

LETTER FROM MILLERSVILLE'S SCHOOLS CHAIR

Dear Millersville Neighbor,

Hello! My name is Amy and I've recently started volunteering with our Millersville at Fall Creek Valley neighborhood association. I'm so excited to reach out to you to let you know some of the great things we've got planned and have already accomplished!

- May 2-6 was Indiana Teacher's Appreciation Week and we offered homemade chocolate chip cookies (180+!) for our neighborhood schools - Robert L. Frost Elementary School, St. Matthew School, and Cathedral High School. We also included a thank you note signed by our Board of Directors. Our objective was to show the teachers how much we appreciate the ways in which they better our community and contribute to the invaluable education of our youngest generation. It was a success!
- We are adding Brook Park Elementary in Lawrence under our umbrella of schools. We are looking forward to building a community relationship with them!
- Fall 2017: Robert L. Frost Elementary School is also looking for neighborhood volunteers to assist in the K-1-2 classrooms. What a great opportunity to have an impact on our littlest neighbors and help them grow in fun ways!

Please contact me via email or phone (text is good, too!) if you'd like to contribute to these worthwhile endeavors: drhammesgov@gmail.com or 219-309-6149

Looking forward to hearing from you!

Best,
Amy

DID YOU KNOW MILLERSVILLE CONTAINS OVER 60 BUSINESSES?

It's true...Although we have focused more on our retail/restaurant merchants in past newsletter issues, there is actually a wide variety of trade here in Millersville!

Let's take a little tour...One day, you hop in your car, tune in to our area radio station, **Radionext.com**, head to **Speedway** filling station, to gas up...but notice, while filling your tank, that your back passenger tire looks mighty low...so you visit **Dinius Automotive**, because they can take care of that...Of course, that car you're driving is insured with any of our three area insurers (Charlotte Adams Jones, **State Farm**, Greg Brelage, **Nationwide**, Calvin H. O'Neal, **Primerica**.) Good thing, because a driver speeding on 56th Street (where traffic calming measures haven't been instituted) T-bones you at the intersection! You're fine, but the car is a goner.

Uh oh--after that accident, your back is just killing you...maybe you should visit our village chiropractor, **Linwood Chiropractic**, where Drs. Killingbeck and Tuckey will address your pain. **Huser Home Care** may be able to help you out 'til you get back on your feet. You are hurting, but it's not time to take up residence at **Kesslerwood Place**. Next stop, **CVS**, to get your prescription for pain meds filled.

Later, you learn that that the fat cat that hit you is driving on an expired license...Sweet! You make an appointment with a member of the Millersville Legal community (**White and Champagne, Martin R Hill, Duvall & Fall**)...How will you spend that settlement, surely forthcoming? Perhaps **Detail and Design** will help you with that party you're planning, to celebrate your windfall...you ask them to please be sure to contact **Pretty Funny Balloons**, as you'd just love for them to provide some entertainment at your party.

Abernathy Realty might be able to find you the bigger house you need for your party, since the Kessler Mansion isn't available.

Don't buy the champagne just yet. Steer clear of the **Big Red Liquors** for now, because alcohol and pain meds don't mix! Instead, visit **Starbucks**, get a cup of coffee, sharpen your pencil and list all the ways you're going to spend your windfall, in the tablet you bought at the **Dollar General**.

Perhaps, with your newfound wealth, you consider fostering a child. You consult with **Seeds of Care/Branches of Life**, and they kindly suggest you make a donation to the **Children's Bureau**, then steer you toward **Noah's** (the veterinary hospital) as your charitable inclinations seem better suited to a four legged friend. Your new pal will certainly look party-ready, after a session at **Noah's Grooming Salon**.

Except, well, maybe you shouldn't get ahead of yourself...

You'd better consult one of the financial services offices/ accountants with an office in Millersville (**A Total Solution; Simmons & Brake; Daryl R Marty**) who will help you decide what to do with all that cash. They tell you:

BETTER GET A JOB!

START might train you--it prepares people for work in auto dealerships. **Aetna** places people in all types of janitorial/maintenance work. **Wal-Mart Neighborhood Market** is hiring...

Must look your best for the job interview...There are six places to get a haircut: **Stylish Hair Salon; Body Buzz; GQ Cutz; Unique Adjustments; Color My Nails Spa and Hair** or **Great Clips**...A dazzling smile could only help in your quest for employment: Call **Bright Now Dental** for an appointment with Dr. Ervin. Freshen up your best interview outfit at **Deering Cleaners!**

Job hunting is stressful--maybe you could use a nice relaxing massage with Anna Waggoner at **Therapeutic Massage**, or find inner peace at Millersville's yoga studio....**Inner Peace**.

Forget job hunting--start your own business! Founder Abby Marmion's **Chameleon Company** and Travis McGuire's **Aliunde Media** could possibly help with promotion.

Wow, all this touring Millersville has made you hungry! Time to stop by one of our nine area eateries and get some dinner...

Admiral Medical Center, a supplier of medical instruments, and the **Bruce Gaines Agency**, an insurer of auto dealerships, are also Millersville businesses, but I just couldn't work them into this silly tale...
